## What will you find under each tab? See the details below!

### Home

Get a snap shot of new and updated content on Safety.BLR.com including state & federal news, and updated compliance and training resources.

Plus, easily navigate to top site features and topics directly from our homepage.

### Library

Learn everything you need to know about OSHA and state regulations using our plain English regulatory Analysis, resource centers including our popular industry collections and Cal/OSHA collection, and other reference materials. Obtain and download thousands of SDSs through our SDS search tool.

### Community & Find

Connect with other EHS professionals to discuss issues that affect your workforce in our Forum. Test your knowledge with our OSHA challenge and safety polls.

Easily search all Safety.BLR.com's content on our find tab. Or Ask our team of safety experts in the "Ask the Expert" feature.

### Training

Browse thousands of customizable classroom training materials, including PowerPoints, meetings, toolbox talks, quizzes, handouts and more to help you comply with your OSHA training requirements. Don't have a ton of time? You can also access our popular 7-Minute Training series here and ready to go audio training presentations.

### Time Savers

Access pre-written checklists, forms, policies, and safety plan templates that will save you time. Plus easily print or download pre-written monthly employee newsletters, and play 100s of safety games.

### Tools

Find applications to help you manage your safety program on our tools tab. Need to find out if your incident is recordable? Just answer a few simple questions in our OSHA 300 Wizard to find out, then move on to our incident tracker to record. Want to custom create your own employee newsletter or safety plan? We've got you covered with our Newsletter Wizard and Safety Plan builder.

Safety Training & Compliance Just Got Easier

## Makes Your Job Easier

### Training Resources

Customizable, downloadable, prewritten training presentations. Includes PowerPoint® presentations, checklists, meetings, quizzes, and handouts. New audio presentations provide complete training solutions and are included with your subscription.

### Compliance Resources

- **Regulatory Analysis**—contains easy-to-read and understandable summaries of federal and state regulations.
- **Regulations**—final and proposed regulations and notices with the scheduled dates for hearings and comments. Plus, access to both federal and state regulations.
- **News**—keeps you up to date with daily safety news, updates, and feature articles.
- **SDS Search**—our comprehensive database of over 3.5 million SDSs with 10,000 new or updated every week.

### Time Saving Tools

- **Newsletter Wizard**—Quickly and easily create custom employee newsletters that can be printed, emailed or posted on your company's intranet.
- **Safety Plan Builder**—Select from our library of safety plans, customize them to suit your company's needs and assemble them into collections you can save in our personal library.

### Resource Centers

Your solutions destination for hot topical safety issues, including Healthcare, Pandemic Planning, Spanish Training and Transportation.

## Finding Answers Fast

**You can find the answers you are looking for in several different ways:**

### Site Navigator

Use the Site Navigator to find content by Category and Topic. By choosing a Category, only the associated content will be displayed in the Topic list.

### A to Z Topic List

Just click on the A to Z Topic List link to display regulatory analysis and activity, news, and related tools.

### Search

Use the Quick Search feature for simple keyword searches that will provide results from thousands of news articles, regulations, training resources, and more ... all organized by topic. Choose the Find tab to search by content type.

### Ask the Experts!

Subscribers' questions answered within three business days, and a Q & A's database of questions and answers, organized by topic.

## More Help

### Daily News

News briefs and feature articles written by BLR's staff of safety professionals, updated daily.

### EHS Daily Advisor

Practical safety tips, news and advice delivered daily to keep you informed.

### Best Practices & Reference Materials

Hundreds of case studies and white papers with practical guidance.

### Safety Forums

Connect with other safety professionals to discuss the issues and challenges that affect you.

# Workplace Safety Resource Centers
